John,

I think this sounds good. I imagine we'll be able to talk about it a little before the meeting though.

It is going to be an interesting meeting. Lots of people are interested in what has been going on.

It'll be good to get us all in one place again, if only for a little while.

Thank you very much,

Andy

Perhaps the summary and next steps could be an informal team where I start with summary, and Andy and Mark casually step in on summary/next steps. Their perspective on next steps has the benefit of experience with GenX the investigation.
